

OTM Fixed Price Offering

It has been recognized for a long time that integration of TMS with various partners in a supply chain will lead to greater efficiency for transportation planners, thus making the vision of “collaborative planning” a reality. Realizing the importance of this collaboration, the Oracle Transportation Management (OTM) Fixed Price (FP) Offerings have been developed to provide accelerated deployment of Oracle Transportation Management solution and integration of it with Oracle EBS. This solution primarily targets the Retail, Hi-Tech and Manufacturing industry.

Solution Offering

In today's business environment that is characterized by increasing business complexities, volatile transportation costs and severe resource constraints, the scope of the TMS solution has expanded. With these views in mind, Infosys has provided complete integrated Enterprise TMS solutions in OTM expanding the breadth and depth of the TMS offering.

Infosys has developed two FP offerings:

BASIC SOLUTION	ADVANCED SOLUTION
OTM In-a-Box	OTM In-a-Box Plus

Solution Description

The **OTM In-a-Box** solution combines the transportation planning and execution with inbound and outbound freight logistics, freight rating and routing and financial payment. The solution covers point to point shipments, shipments with multiple stops and multileg shipments across different modes of transport namely Truckload, LTL, Ocean and Air. The implementation solution offers a pilot deployment for 1 warehouse/DC which has shipment transactions of 500K per month or less. The solution also includes design and development of specific number of reports of medium complexity

Implementation time lines are spread across 16 weeks including 2 weeks of warranty support.

The **OTM In-a-Box Plus** in addition provides superior optimization and consolidation features comprising of cross docking, consolidation and deconsolidation pools and continuous move along. It also offers design and development of specific number of high complexity reports and implementation of advanced workflow features.

Implementation time lines are spread across 22 weeks including 2 weeks of warranty support.

Solution Footprint

- Best of breed business process integration based on next generation SOA architecture.
- Processes can be tuned dynamically to differentiate services.
- Best Total-Cost-of-Ownership and Time-To-Solution.
- Infosys' OTM Center of Excellence to help achieve rapid and seamless implementation.

Solution Design

<p>This OTM In-a-Box Solution comprises of</p>	<ul style="list-style-type: none"> • Integration of OTM version 5.5 CU3 and above with Oracle EBS 11.5.10.2 and above using BPEL version 10.3 and above. • The modules covered in the integration are Oracle Transportation Management, Oracle Order Management, Oracle PO and Oracle AP and External Distance and Service Time S/W like Czarlite, PC Miller/MileMaker with basic workflow configurations. • The solution offers out of box carrier communication channels with top 15 carriers.
<p>This OTM In-a-Box Plus Solution comprises of</p>	<ul style="list-style-type: none"> • Integration of OTM version 5.5 CU3 and above with Oracle EBS 11.5.10.2 and above using BPEL version 10.3 and above. • The modules covered in the integration are Oracle Transportation Management, Oracle Order Management, Oracle PO and Oracle AP and External Distance and Service Time S/W like Czarlite, PC Miller/MileMaker with basic and advanced workflow configurations. • The solution also provides User Interface (UI) configurations in terms of configuring User Preferences and Branding and also out of box carrier communication channels with top 25 carriers.
