Infosys pioneered the Global Delivery Model and remains its most accomplished practitioner. What does it give you?

Best Global Quality

Infosys, with its ethos of quality, has set the benchmark for the rest of the world. You have the best global talent working with the best global processes to deliver the best global quality for you.

Infosys Predictability

With Infosys, you can sleep well at night. Infosys has pioneered and mastered the processes, tools and methodologies required for predictability of transparency, predictability of delivery and predictability of commitment.

Impeccable Data Security

The Information Security Management at Infosys is BS7799 certified and conforms to the highest global standards. We also have a detailed disaster management plan in place.

Enhanced Value Creation

GDM frees up resources for you to use elsewhere for getting further competitive advantage. It also uses time zone differences to create a 24x7 work-day that allows you to reduce your time to market.

Building **Tomorrow's** Enterprise
