

## HEALTHPLAN ECONNECT SOLUTION

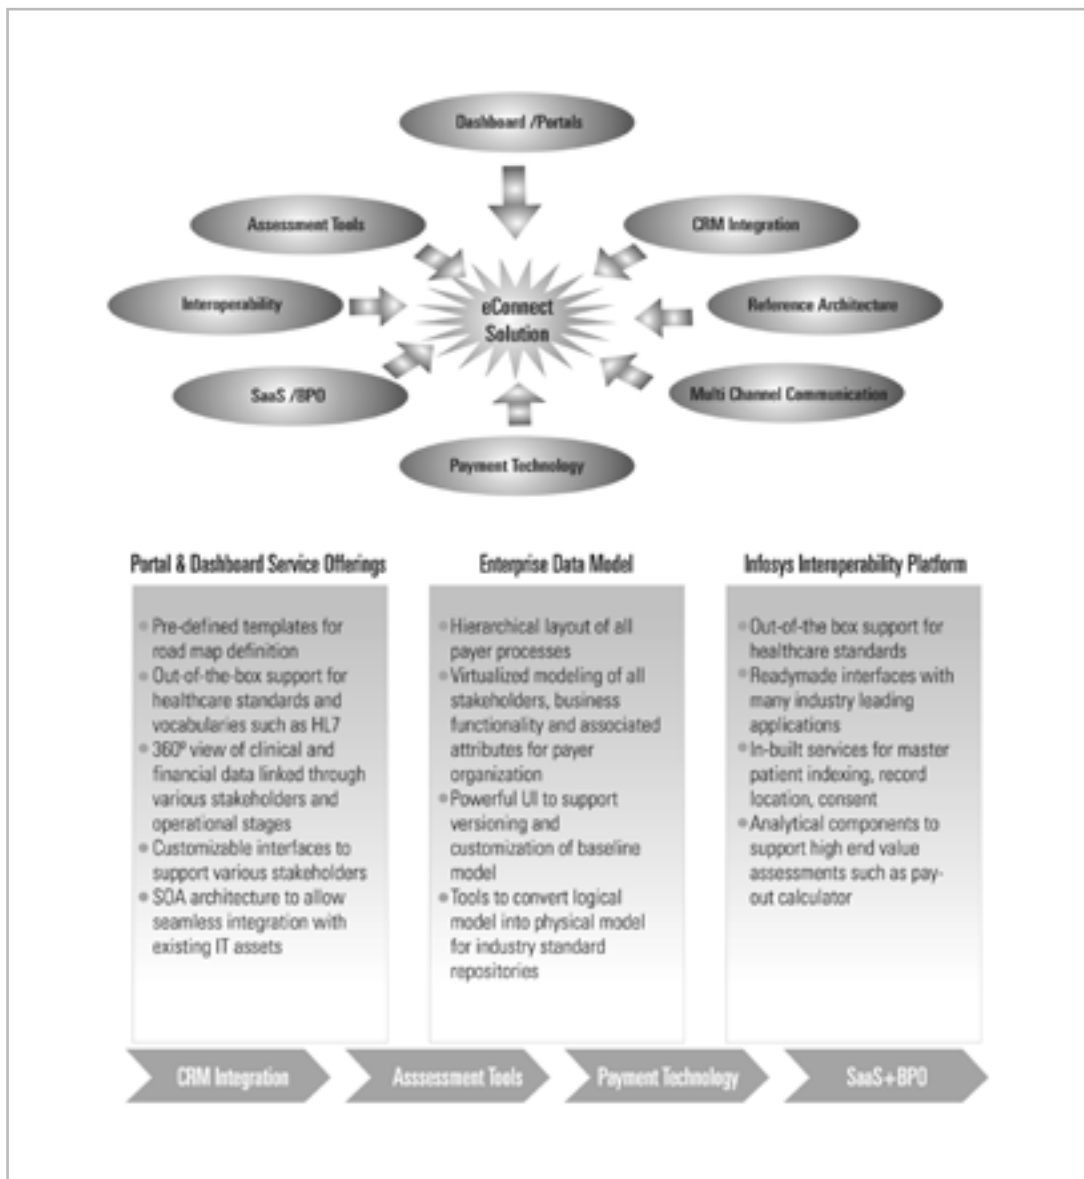

The Healthplan eConnect solution is an innovative holistic portal solution from Infosys that meets the multiple challenges that the healthcare industry faces today. With the rise of consumerism, ubiquitous web access and the demand for lower healthcare costs, portals have become central to health plans' competitive strategy. This solution enables health plans, PBMs and TPAs to implement strategic approaches towards enabled-consumerism, providing members a decisive say on their healthcare, promoting self-service and supporting cost savings.

### Solution Offerings

Infosys Healthplan eConnect solution allows health plans TPAs and PBMs to meet

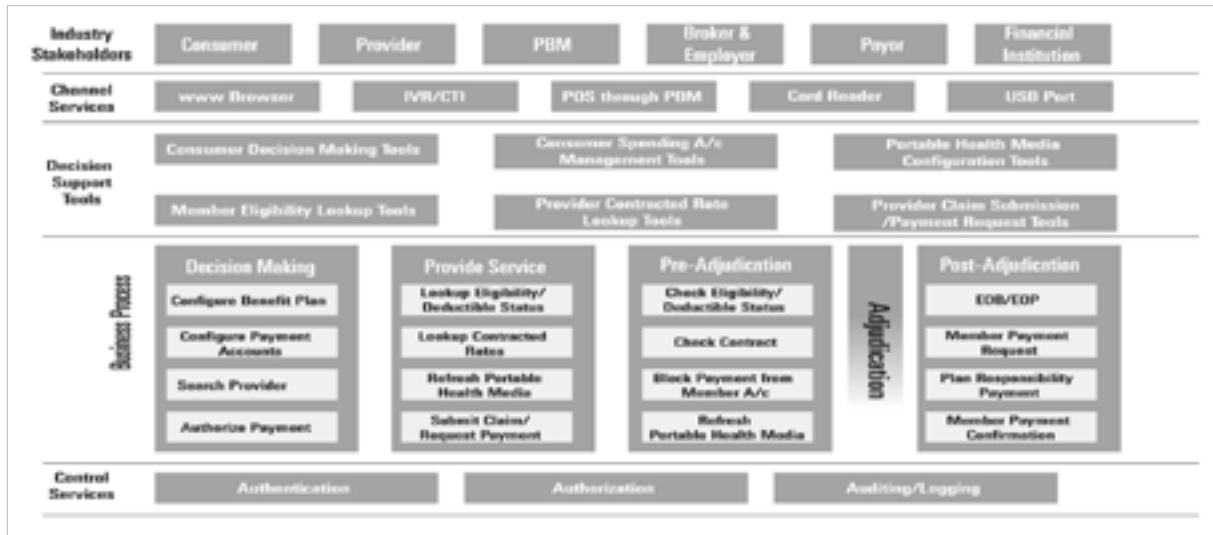

the challenges of emerging B2C needs while enhancing B2B service through a

framework that is rationalized, extensible, flexible and multi channel in nature

## Healthplan eConnect Solution – Business Framework

The Healthplan eConnect Solution is based on Infosys Consumer Connection Framework. The framework has been designed with the aim of meeting the needs of customers, while also meeting the needs of four other major stakeholders – Sponsors, Payers, Providers and Banks – in realizing cost savings and providing better service.

## Consumer Dashboard

A dynamic portal that creates a simple logic for supporting your product strategy by coordinating myriad functionalities and data necessary to inform new consumers. It is also scalable to accommodate future requirements.
