## Overview:

Infosys Source to Contract is one of the most comprehensive, advanced, and agile contract management solutions for enterprises. It provides custom templates for creating procurement & non-procurement contracts. Enables enterprises to manage various stages of source to contract process with integrated workflows. It meets the need for enterprise scale

solutions for creating Sourcing Strategy, Right to Award, Power of Attorney. Built-in approval workflow, integrated with Microsoft Teams for better collaboration

This solution is realized by leveraging Microsoft Low Code Power Platform and Microsoft's extended stack. Its composable architecture enables it to sit on top of any core ERP (Enterprise Resource Planning) or contract execution platform.

## Features of this solution:

## Technology Stack:

**Dataverse**

**Model Driven App**

**Power Automate**

## Value Propositions:

### **Automation:**

Easy to use UI (User Interface) with automated workflows

### **Collaboration:**

Integrated with MS Teams for enhanced collaboration

### **Low Cost:**

Built on Low Code App Platform with Lower Cost implementation cost and ease of customization

### **Enhanced Security:**

Secure, Cloud based technology

### **Compatibility:**

Flexible to integrate with master data and contract execution platforms

**Benefits:**

Fully customized approval workflow, personalized workspace & real time notifications delivered through multiple channels (e.g., Teams, Outlook) allows enterprise users to fast-track the contract creation process.

Guided source to contract creations process allows users to keep track of every contract getting created and the stage of those.

Robust data model provides flexibility in integration with upstream and downstream interfaces

Integrated dashboard provides summary of all contracts at enterprise scale

Complete audit history is available to comply with regulatory requirements.

### Applicability of this solution:

- Enterprises looking for bolt on for creating procurement and non-procurement contracts
- It gives small and medium business access to inexpensive contract management solution
- Enterprises looking for highly customized & faster deployment of contract creating solution

### Deployment Approach:

- Initial assessment of contract origination process
- Finalize features & integrations
- Install and configure Infosys Source to Contract solution
- Pilot rollout
- Full rollout
