## Infosys Oracle Fusion Applications Migration Solution Kits for Oracle PeopleSoft Customers

Oracle Fusion Applications Migration toolkits are designed to remove the pain points during migration and reduce time and efforts for the implementation of Oracle Fusion Applications.

Infosys Migration Toolkits, an extension of Oracle Fusion Applications Migration Toolkits, would provide the following key functionalities over and above the seeded functionalities -

- Tailor and extend the Migration tool to migrate custom applications
- Tailor the Migration tool to work with lower versions of Oracle PeopleSoft (like 8.8, 8.x)
- Extend the seeded migration toolkit functionality to include client specific validations, reports etc.
