INFOSYS TECHNOLOGIES LIMITED

INDIA ANALYST MEET, PUNE

DECEMBER 7, 2009

Welcome Address

Mr. Mritunjay Singh – Pune DC Head

Good Morning, Ladies and Gentlemen, a warm welcome to Infosys, I am Mritunjay Singh, the DC Head of Pune. On behalf of all of us, a warm welcome to our Pune campus. We would also like to extend a warm welcome to the people on the webcast who are listening to this live. All the transcripts & the presentations will be available on our website on the Investor Relations page and you can get a copy of that later. Some quick facts & figures on our Pune campus. Infosys Pune started in 1996 with some 45 people and with a turnover of around Rs.1.5 crores. Now, we are close to 22,000 people and our turnover is around Rs.4,300 crores out of Pune, which is roughly around 10% of Maharashtra IT exports.

We will start the event with a session by Kris Gopalakrishnan on State of the business, followed up by a session by Mr. Shibulal on Investing for the future while strengthening the core. All of you must have received the pen drive. On the pen drive, you will find agendas, presentations & the feedback form. Please make sure that the feedback form is filled and given to us. It will help us improve our sessions and also provide a valuable feedback to our speakers. We will also have a Q&A session on non-linear revenues which will be followed up by three breakout sessions. In the breakout sessions, we will have heads of our various business units talk about the key trends, market data & also our strategies to deal with those. After the presentation, you will get an opportunity to meet with the business unit heads and the various speakers. During the break, we encourage you to please speak with the senior management or the speakers, if you have any questions or clarifications. I will also like to take a minute to brief you all about the logistics. This training centre where we are holding the event, we have also set up a business centre for you in case you want to have access to internet, phone, fax etc. If you need to put a request for a taxi, you can contact the front desk, you have to do it before the evening tea break, if you need a taxi so that we can arrange it in time for you.

All the buildings in this campus are non smoking areas. If you want to smoke, let us know, we will guide you to the smoking areas. There are designated places where you can smoke. If you have a question please introduce yourself, speak into the mike because there is a webcast. If you raise your hand, we will give a mike, please introduce yourself and speak into the mike, there is a live webcast going on of this whole event and the questions will be responded. Also, included in the pen drives are the feedback forms which I talked about. The presentations will be available on the Investor Relation link on the Infosys website. You can access to it. The transcripts will be available. So please take advantage of the time here, interact with people. If you have any questions, use the break out if you're not able to get the answers during the session. With this, thanks again for attending this event and I would like to invite Kris to start the session.
