

To,

The Deputy Director,
MOEF (Regional Office)
Aranya Bhawan, MG road,
Jhalana, Jaipur-304002

Date: 31.12.2021

Dear Sir/Madam,

Subject: Environmental monitoring report for our project at Mahindra World City (SEZ), Jaipur
(Period Apr'21 to Sep'2021).

1. The following is submitted for your consideration toward the subject report as referred above.
 - a) Sewage generated in the campus is treated in sewage treatment plant (STP) of capacity 250KL. Recycled water from sewage treatment plant is utilized for landscaping and also for other purpose like flashing and air conditioning. Treated water quality is monitored for conformance to SPCB requirements.
 - b) Solid waste generated is segregated at source, adequate number of collection bins, separately provided for bio-degradable and non-biodegradable. Bio-degradable and non-biodegradable waste is given to authorized agent for recycling.
 - c) Acoustic enclosures are provided for DG sets and ensures that noise level within prescribed standards.
 - d) Chimney has been provided for DG sets as per prescribed standards.
 - e) Greenbelt has been developed across the periphery of the plot. We are also committed to increase biodiversity in campus.
 - f) Rainwater harvesting plan has been implemented we also implemented terrace RWH measures by which we are harvesting the rainwater and utilizing for our normal consumption after due processes of filtration and chlorination.
 - g) Hazardous waste and biomedical waste is being disposed as per applicable rules and norms to the vendor who have necessary approvals from SPCB and/or PRCB.

Rani
