Infosys Key Document Generation Migration Engagements in Insurance Domain

Client	Objective	Product	Approach	Key Benefits
US-based Large P&C Insurer	Document Generation Re-engineering	Documerge to HP Exstream / TIBCO	Simplification by establishing the enterprise Document Generation Platform	Reduced TCO
			Rewrite of Documents per new customer experience standards	Consistent Brand Experience
			Separation of Presentation layer (Content design – HP Exstream) from Business layer (TIBCO BE)	Business Enablement on rules and content changes Strategic Platform for cross-sell
US-based P&C Insurer (Life LOB)	Document generation Product Migration with Best-fit Product Assessment and Onboarding	Documerge to CSF Designer	Migration Strategy focused on reuse of business rules on legacy platform to reduce the regression impact and optimal project schedule	Improved Compliance Adherence
			Infosys Framework Customization to efficiently harvest content	Robust Interface integration Faster Time to Market
US-based Health Insurer	Strategic Onboarding of Document Generation Capabilities to new product	DOC1 to HP Exstream	Simplification of Document Generation Systems which were relying on 3 rd party tools for Document Fulfillment requirement	Reduced TCO
			Accelerators and Enablers for immediate solutions	Quick Onboarding
