

# SHAPE EXTRAORDINARY EQUITY WITH INFOSYS PRIVATE EQUITY

In today's private equity landscape, value creation is no longer driven by financial engineering alone. As firms manage increasingly complex and diverse portfolios, success depends on synchronizing performance—across strategy, technology, and operations—to create differentiated, sustainable outcomes.

## MAXIMIZE THE SUM OF YOUR PARTS WITH INFOSYS PRIVATE EQUITY SERVICES

Private equity firms thrive when portfolio companies don't just operate—but operate together, as part of a high-performing ecosystem. Infosys acts as the Value Integrator, going beyond transactional support to deliver transformation at scale—helping firms orchestrate smarter investments, accelerate operational efficiency, and amplify performance across the portfolio.

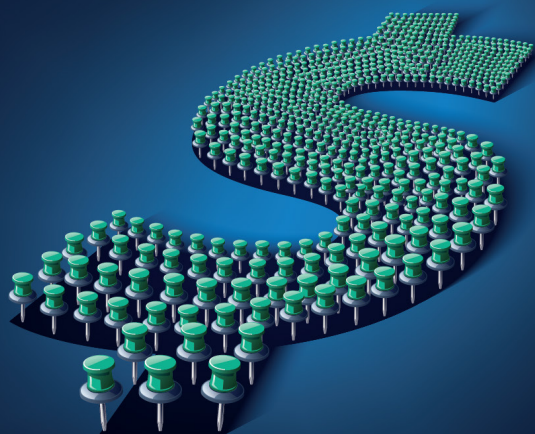

## UNLEASH TECHNOLOGY-DRIVEN TRANSFORMATION ACROSS THE INVESTMENT LIFECYCLE

At Infosys, we help private equity firms unlock value at every stage of the deal lifecycle—pre-investment, post-acquisition, and exit. By integrating digital transformation, advanced analytics, AI, and deep industry knowledge, we build tailored solutions that help both private equity firms and portfolio companies move with speed, clarity, and confidence in a competitive market.

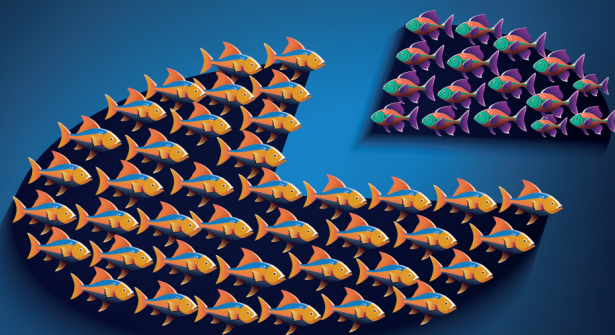

## ORCHESTRATING OPPORTUNITIES TO PIN DOWN GROWTH

The path to outsized returns begins with smarter decision-making. Infosys equips private equity firms with AI-powered analytics, predictive insights, and market intelligence to drive faster, sharper investment strategies. From pipeline prioritization to commercial and operational due diligence, we help identify high-potential assets, validate assumptions, and reduce execution risk—ensuring every move is backed by data and foresight.

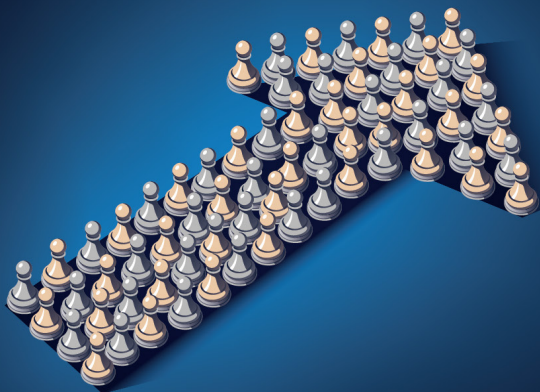

## INNOVATING OPERATIONS TO GUIDE BETTER OUTCOMES

Transformation doesn't stop at acquisition. Infosys partners with portfolio companies to drive enterprise-wide modernization—from migrating legacy systems to cloud-native platforms, to deploying AI-driven automation and intelligent workflows. We help PE firms digitize core processes, optimize supply chains, and accelerate go-to-market execution—building agile, tech-first companies poised for growth.

## SCALING PERFORMANCE TO MAKE BIG MOVES

Scaling performance means institutionalizing best practices across the portfolio. Infosys enables this through AI-enabled automation, standardized playbooks, and talent transformation strategies. Our approach ensures each company evolves individually, while collectively contributing to stronger fund-level returns. The result: sustainable impact across a portfolio that's smarter, faster, and future-ready.

# WHY INFOSYS FOR PRIVATE EQUITY?

## Deep Industry Expertise

Specialized teams aligned to key sectors—manufacturing, healthcare, retail, financial services.

## Speed to Value

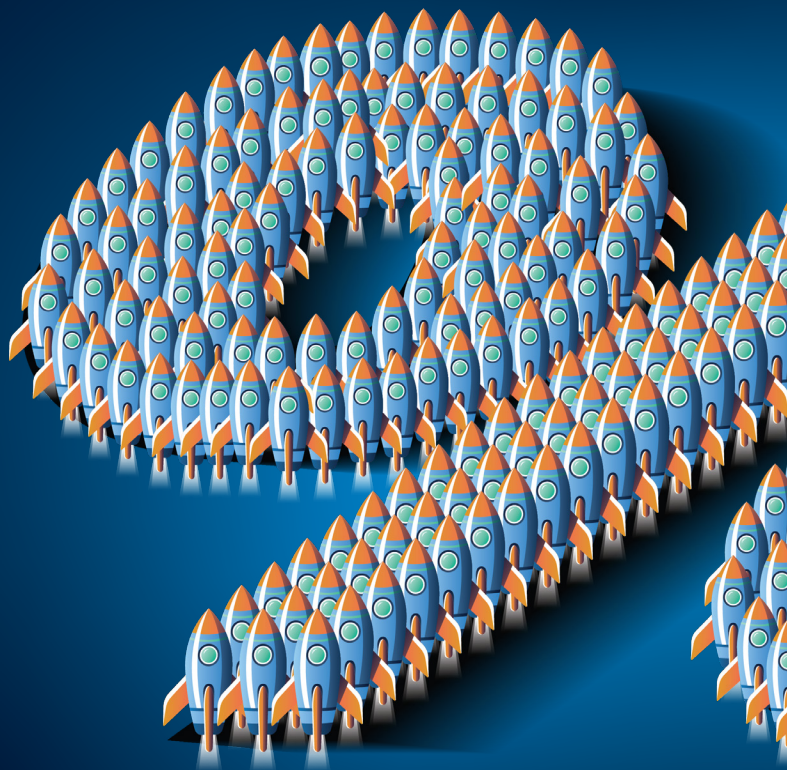

Proven frameworks and accelerators for faster implementation and measurable ROI.

## End-to-end Partnership

From investment strategy to digital execution, we support every phase of the value creation journey.

From potential to performance, Infosys empowers private equity firms to drive lasting value across every stage of the investment lifecycle—transforming complexity into competitive advantage through orchestration, innovation, and scale.
