MEET 2007

Safe Harbor

Certain statements made in this Analyst Meet concerning our future growth prospects are forward-looking statements, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2007 and quarterly report on Form 6-K for the quarter ended June 30, 2007. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company.

Financial services industry is changing... survival depends on a firm's ability to "Think Flat"

changing**

Infosys Response

- Expand our service footprint to address business issues in addition to technology issues
- Build a extensive global delivery model by expanding our footprint
- Strong differentiation by bringing IT/BPO and consulting capabilities

- Increase service footprint and engage with our clients on a wider array of issues
- Expand addressable client base with innovative solutions
- Drive more tools deployment & reuse of knowledge assets

- Expand our client base to mitigate risk of consolidation
- Become “true partners” and advisors during M&A activities
- Increase collaboration across the company to derive more synergies

- Build risk and compliance solutions proactively – e.g. Basel II, Reg. NMS, SOX, and AML

- Focus more on creating solutions in wealth management segment with baby boomers retiring, retirees living longer
