Delivering value

Intellectual Capital

Our Intellectual Capital is driven by agility, flexibility, and innovation. We are committed to working with experts, partners, academia, and other stakeholders to develop new products and services that meet the needs of our customers and communities. We are also focused on strengthening our Tech for Good solutions and providing an environment for start-ups to be incubated and innovation to be scaled.

With ICETS, the Living Labs, and the Infosys Innovation Network, we have a broad portfolio of solutions across industry segments, while the Infosys Prize and Aarohan Social Innovation Awards provide a platform for innovators and social entrepreneurs, respectively.

Infosys Center for Emerging Technology Solutions (iCETS)

iCETS is the incubation unit at Infosys that offers a variety of emerging technology services to clients. These services include building next-generation platforms and a variety of new-age innovation services including incubation of emerging technology capabilities (like generative AI, AR/VR/metaverse, quantum computing, cloud, cybersecurity and data management) under various Centers of Excellence (CoEs). Led by the CoE, iCETS has been curating technology and trends across business verticals and contributing to thought leadership.

iCETS-led technology platforms like LEAP, Cortex, Cyber Next, Quality Assurance and Privacy Next are contributing to differentiating Infosys services. Infosys’ vertical platforms like Energy as-a-Service are opening up new opportunities for Infosys and client joint platform-led offerings.

Living labs

We collaborate with our clients to enable rapid prototyping, incubating and piloting of innovative solutions, both with client and Infosys living labs.

With over 100+ client living labs, Infosys has helped its clients explore and develop art-of-the-possible emerging technology solutions. Infosys Living Labs brings our entire innovation ecosystem together to help clients meet their innovation-at-scale needs on multiple dimensions. Here, we proactively expand our services and capabilities to meet growing and dynamic innovation needs of clients leveraging joint innovation centers, experience centers, CoE & industry living labs, complexity studio, and more. We also monitor and publish Trend Trees of Horizon 3 technologies and business trends and help our clients foresee disruptions with Listening-Post-as-a-Service (LPaaS).

Product innovation

Our digital platforms subsidiary, EdgeVerve, helps our customers create a connected enterprise where humanity, AI, and automation work together. EdgeVerve’s three digital platforms, AssistEdge for hyper automation, XtractEdge for intelligent document processing, and TradeEdge for autonomous supply chains, create connected enterprises and orchestrate the confluence of AI and automation to amplify human potential, deliver cognitive operations, and create a value network of information, partners, and resources for transformation and exponential growth.

Intellectual Property (IP), patents and trademarks

Infosys actively innovates and develops platforms, products and tools, that constitute its collection of IP assets. These assets, which are available on the Infosys Marketplace, are used to differentiate ourselves in the market or as productivity-enhancing tools. We have 735 patents in the portfolio.

Over 840 trademarks registered (or pending) across 51 countries underscore the strength of our brand. With over 840 trademarks registered (or pending) across 51 countries, Infosys has also established partnerships with numerous startups, universities and hyperscalers across geographies like the US, Finland, Israel, and India, in spaces like AI, fintech, cloud, cybersecurity, InsureTech, HealthTec, and more.

Infosys Knowledge Institute

IKI harnesses the intellectual capital of Infosys’ subject matter experts to produce unique and fresh content and insights on the business impact that technology can drive for prospects and clients. IKI also develops its proprietary data and insights through multiple large-scale surveys and quantitative analysis. These are published through its flagship Radar maturity assessments, the annual Tech Navigator report on future trends and the ongoing TechCompass tech trends series. IKI has collaborated with 500 clients and created over 1,000 assets since inception. For more information, visit https://www.infosys.com/iki.

WongDoody

WongDoody, the design/marketing/ experience arm of Infosys, is driving innovation in the CMO/CDO/CXO space. Along with global studios, WongDoody has developed new practices and products for next gen problems. These include StudioNext, a flexible inside marketing innovation acceleration and augmentation practice; sustainability by design methods including EcoLight audits so enterprises can build planet-friendly digital products; an emerging experiences platform that brings the digital authenticity and engagement of video games to the automotive, manufacturing and retail verticals; and the Sounding Board, an agile insights solution designed to move faster and deeper to identify competitive advantage.

Infosys Marketplace

Infosys Marketplace is a one-stop shop to see, try, and adopt innovative and next-generation solutions from Infosys and partners. The platform provides hundreds of curated solutions across a wide range of technologies and industry verticals to accelerate the digital transformation initiatives of global enterprises.

ESG solutions

Infosys continues to strengthen its position in delivering practical, impactful, and holistic ESG solutions to its clients and community stakeholders. Over 30% of our client engagements include climate change solutions.
