About Infosys Technologies Limited (NASDAQ: INFY)

Infosys is an IT consulting and service provider, providing end-to-end consulting for global corporations. The company has partnered with several Fortune 1000 companies in building their next generation information infrastructure for competitive advantage. The Infosys portfolio of services includes e-strategy consulting and solutions, large application development and enterprise integration services. Infosys also has product co-development initiatives with numerous communication and Internet infrastructure companies that are creating the building blocks for the digital economy.

The Global Delivery Model of the company leverages talent and infrastructure in different parts of the world to provide high quality, rapid time-to-market solutions. Infosys' US headquarters is located in Fremont, California; the company also maintains offices throughout the US, Europe and Asia.

About CLSA Ltd.

CLSA Emerging Markets is widely recognised as a leader in brokerage, investment banking and direct investment services in the emerging markets of Asia, Latin America, Emerging Europe, the Middle East and Africa.

Founded in 1986 and headquartered in Hong Kong, CLSA is the 35% management owned and operated emerging markets arm of Credit Lyonnais. CLSA is consistently recognised as one of the top research, sales and execution houses in Asia. Building on the success of its Asian franchise, CLSA expanded into the other emerging markets in 1998 and today maintains an active presence in 29 markets. CLSA's client-focused operation is complemented by a comprehensive global research and execution network.

In 1999, CLSA established CLSA/e, a global electronic broking arm that provides tailored execution services to both institutional and retail clients around the world. CLSA/e is comprised of three products including G-Trade which is a joint venture with Bloomberg Tradebook, G-Port Global Portfolio Trading and Equity Access.
