Safe Harbour

Certain statements in this presentation concerning our future growth prospects are forward-looking statements, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2009 and on Form 6-K for the quarters ended June 30, 2009 and September 30, 2009. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company.

Client Acquisition & Expansion of Services

Client Acquisition & Expansion of Services

- Intellectual Property (IP)-based solutions, New Engagement Models (NEMs) that offer flexible pricing and operational control to clients, and the Global Delivery Model will play a significant role in defining our successes.
- During the third quarter, we launched Flypp™, an application platform that enables mobile service providers to enhance customer experience with a host of ready-to-use experiential applications across several devices.
- A health insurance major bought our iTransform product suite that assists clients in complying with the U.S. Federal Government's mandates on HIPAA 5010 and ICD 10 standards, efficiently and cost effectively.
- A Consumer Packaged Goods (CPG) major bought the 'Procurement' module of our 'Supply Chain Visibility' product suite to cut sourcing cycle times and leakages in procurement spend through better monitoring, compliance and governance mechanisms.
- We were chosen for our ShoppingTrip360 solution, an innovative managed service that offers retailers and CPG companies insights into real-time shopper and shelf activity.
- A leading provider of security testing software solutions engaged us to engineer leading-edge penetrative testing products.
- We are helping a leading provider of virtualization, networking and Software-as-a-Service (SaaS) technologies to design its architecture for Master Data Management.

- Finacle's commitment to being the innovation partner to banks across the world was reinforced with the launch of Finacle Advizor™, an integrated platform which empowers banks to deliver products and services through a fully assisted self-service channel.
- Finacle™ registered 12 wins across the globe in the third quarter. Of these, four were from Asia Pacific (APAC), seven from Europe, Middle East and Africa (EMEA) and one from the Americas.
- Eleven Finacle™ client projects went live across the world. Six of these projects were in APAC, three in EMEA and two in the Americas.
- One of the largest banks in the Middle East also went live on Finacle™ in the past quarter.

Process innovation

- During the third quarter, Infosys applied for 18 patent applications in India and the U.S. With this, Infosys has an aggregate of 219 patent applications (pending) in India and the U.S. and has been granted six patents by the United States Patent and Trademark Office.

New Markets

New Markets

- We seek to grow strong in markets which we have recently entered and continue the momentum from the previous quarters.
- During the third quarter, we incorporated our wholly owned Brazilian subsidiary – Infosys Tecnologia Do Brasil Ltda.
- This quarter, we also inaugurated our official premises in New Zealand, opening our first office in Wellington.
- Clients in the markets where we are relatively new are keen to partner with us, an acknowledgement of our world-class services and impeccable quality.
- A joint stock company engaged us to implement ERP across the organization.
- A telecommunications and information services major sought our help for an Operations Support System transformation program which will be spread over five years.
