Expansion of services and significant projects

Infosys is focused on delivering measurable business value to clients - whether it be initiating transformational process changes or driving best-in-class efficiencies. Our innovative new products and services have been successfully adopted and implemented by our clients.

Transformation

Infosys has developed a world-class business consulting model to partner technology-led transformation in building tomorrow's enterprise.

We continue to win transformation deals in retail. We partnered with a large US-based retailer on its mobile strategy and application development to complement its e-commerce offerings. . We performed a security audit assessment and remediation of Sarbanes-Oxley based conflicts for a global food service retailer in its Oracle financial applications.

We built a case management system for a money transfer provider for its compliance and audit needs, helping the client better manage anti-money laundering, call center and fraud related cases. A leading asset manager chose us as its strategic delivery partner for a core investment systems reengineering that will lead to significantly higher flexibility in operations, access to richer information for decision making and lower operating costs. We helped a financial services company establish a single source record for customer relationship, integrating merchant customer information into its existing technology infrastructure.

For a transportation company we are delivering an end-to-end solution for global equipment management, helping the client save costs around leased equipment, demurrage and Maintenance Repair and Overhaul (MRO). A leading manufacturer of helicopters has partnered with us to transform business intelligence capabilities at the enterprise level to provide actionable information to make better decisions. We helped a large oilfield services company implement prebuilt inventory analysis covering manufacturing, finance and sales, thus reducing overall costs.

Operations

Our efficient operational services free up clients' resources that can then be deployed to drive transformation and innovation initiatives.

A European aerospace manufacturer engaged us to deploy a Product Lifecycle Management (PLM) solution to be integrated with its enterprise systems and global supplier base for seamless collaboration as well as to deliver cost savings and productivity improvements. A major aerospace and defense corporation expanded its engagement with us to include a Human Resource Management (HRM) system upgrade on PeopleSoft.

One of the world's largest independent automotive suppliers engaged us for a SAP template rollout at its India plants. A leading global automotive manufacturer partnered with us to provide PLM and engineering support services across various locations and thus reduce costs. A leading Asian automobile manufacturer signed us on to implement Salesforce.com for commercial credit functions. A leading industrial player in transport-related engineering has selected us to provide services for the support and maintenance of its business intelligence platform.

For a grocery chain in the US we undertook implementation of e-performance, talent acquisition and management, profile management and variable compensation modules of PeopleSoft Human Capital Management (HCM). A retail brand in the US engaged us to provide standardized reporting mechanism for its international business team. A large US-based retailer engaged us to better manage inventory and equipment by improving maintenance and uptime of its distribution management system.

We helped a global leader in environmental and industrial measurement to harmonize processes for finance, HR and supply chain management. A drilling and production operation provider selected us for product development, customization and testing of intelligent drilling software.

We continue to see strong demand for our cloud services from our clients. A leading financial services firm chose us as its exclusive partner to help define and implement a cloud-based strategy in order to lower total cost of operations and enable faster time to provision infrastructure assets. Infosys was also selected by a leading communication services provider to setup a private cloud to help better manage their network infrastructure.

Innovation

We continue being a co-creation partner of choice for our clients to capitalize on opportunities arising out of emerging business trends.

We helped a leading credit information services company in developing applications through which customers can register and order products from their mobiles. A large US-based retailer partnered with us to develop an in-store location awareness system that delivers targeted mobile coupons and alerts consumers, so as to increase sales.

We are helping a US-based consumer electronics leader mobile-enable its flagship web portal for multiple Android and iOS based mobile devices. A leading internet services company has engaged us to design, develop and deploy a solution that aggregates multiple content feeds and provides users with personalized news, lifestyle and entertainment and other information. A large manufacturer of navigation devices has selected us to develop the user interface for its next generation in-dashboard multimedia and navigation product.

A leading semiconductor chip maker selected Infosys for a strategic hardware engineering services engagement, covering verification, design automation and graphic design.

Liquidity

As on March 31, 2011, cash and cash equivalents, including investments in available-for-sale financial assets and certificates of deposits was \$ 3.8 Bn (\$3.5 Bn as on March 31, 2010).

“We are seeing growth opportunities emerging in the market place” said V. Balakrishnan, Chief Financial Officer. “Our focus on high quality growth enables us to make the right investments to capture those opportunities.”

Board of Directors

The Board of Directors today appointed Mr. Ravi Venkatesan as an Additional Director of the company, with immediate effect. He will hold office up to the date of the Annual General Meeting, when his appointment as a director will be placed for the approval of the shareholders.

Mr. Ravi Venkatesan was the Chairman of Microsoft India; under his leadership from 2004-2011, India became Microsoft's second largest and one of its fastest growing geographies. Prior to joining Microsoft, Venkatesan worked for over seventeen years with Cummins Inc, overseeing its transformation into the leading provider of power solutions and the largest manufacturer of automotive engines in the country.

Welcoming Ravi Venkatesan to the Board, N.R. Narayana Murthy, Chairman & Chief Mentor said, “Ravi Venkatesan is one of the best known leaders of corporate India. He brings enormous value with his vast experience in the software industry.”

Retirement of Mr. K. Dinesh

Mr. K. Dinesh, Member of the Board and Co-Founder of the Company, will retire by rotation at the Annual General Meeting of the Company to be held on June 11, 2011. Mr. K. Dinesh has expressed his intention not to seek re-appointment.

The Members of the Board placed on record their deep sense of appreciation for the services rendered by Mr. K. Dinesh during his tenure as the Member of the Board and Head of Quality, Information Systems and the Communication Design Group.

Mr. N R Narayana Murthy, Chairman and Chief Mentor said, “Mr. K. Dinesh has been one of the co-founders of the company. The company has turned to him whenever there were any complex projects to be undertaken. He has handled each of his responsibilities with extraordinary diligence, quality and professionalism. We wish him best of luck in his future endeavors.”

Resignation of Mr. T. V. Mohandas Pai

Mr. T. V. Mohandas Pai, has decided to relinquish the position of Member of the Board and has requested the Board to relieve him of the responsibilities after the company's annual general meeting on June 11, 2011.

The Board of Directors considered and accepted the resignation of Mr. T. V. Mohandas Pai. The resignation is effective June 11, 2011, post the company's annual general meeting.

The Members of the Board placed on record their deep sense of appreciation for the services rendered by Mr. T. V. Mohandas Pai during his tenure as the Member of the Board, Chief Financial Officer of the Company and then as the Director in-charge of the Human Resources Department.

Mr. N R Narayana Murthy, Chairman and Chief Mentor said “Mohan has been an early adopter and a keen anchor builder of Infosys. It is difficult to imagine Infosys without Mohan's passion, commitment, joie-de-vivre and intellect. We all know that he is taking this painful decision, since he has much bigger projects in the horizon - nation building. The Board and every Infoscion thank Mr. Mohandas Pai for his wonderful contribution and wish him great success in his future endeavors.”

Board Meeting

The Board of Directors will meet on April 30, 2011 to finalize plans for the company's leadership succession, post Mr. N. R. Narayana Murthy's retirement as Chairman of the Board in August 2011.

About Infosys Technologies Ltd

Many of the world's most successful organizations rely on the 130,820 people of Infosys to deliver measurable business value. Infosys provides business consulting, technology, engineering and outsourcing services to help clients in over 30 countries build tomorrow's enterprise.
