

Infosys Moves Delhi HC on Trademark Infringement by Compudyne

Bangalore - June 26, 1999 - Infosys Technologies Limited has instituted a combined action for infringement and passing-off in the Hon'ble High Court at Delhi on 24th June 1999 against Compudyne Winfosys Ltd., for an order to restrain them from using the trade mark/name WINFOSYS in their corporate name. The main contention of Infosys Technologies Limited., the software major based in Bangalore, in this suit is that they are the registered proprietors of the trademark INFOSYS, and the consumers across the country associate them exclusively with this mark. The word WINFOSYS, it has been contended by Infosys Technologies Limited, is deceptively similar to their registered trademark, and its use by Compudyne Winfosys Limited is bound to create confusion and deception in the market.

The Hon'ble Delhi High Court on hearing the matter on 25th June 1999 has posted the case for the next hearing on 30th June, 1999.
