Infosys Technologies Cited as a Leader in North American Applications Outsourcing Report by Independent Research Firm

Highest Possible Client Reference Scores in the Effectiveness of Application Outsourcing Processes, Account Management and Governance Skills, and Flexibility

News Highlights

- Infosys Technologies Limited (NASDAQ: INFY) today announced that it was named as a leader in applications outsourcing (AO) among North American AO providers in the Forrester Research, Inc. report entitled, “The Forrester Wave™: North American Applications Outsourcing, Q3 2010.”
- “Infosys scored the highest of the India-centric providers,” the report stated.
- Additionally, Infosys received the highest client reference score in effectiveness of AO processes and among the highest in the average client reference scores. Infosys also received the highest possible client reference score in account management and governance skills and flexibility.

Key Quotes

- According to the report, “Infosys has a strong vision about how intellectual property can be used to improve overall productivity compared with other India-centric providers, as well as a strong vision for managed outcome relationships.” Additionally Forrester highlighted that, “Infosys has a detailed specific plan for geographic expansion. The company also has significant capabilities in transition.”
- “Clients in North America are today looking for innovative approaches from their AO providers to manage their enterprise-wide applications portfolios. Infosys’ investments in alternative engagement models combined with IP-led solutions places us at the forefront for companies looking to move toward managed-outcome relationships for AO services,” said Ashok Vemuri, Member of Executive Council, SVP and Head-Americas, Infosys Technologies Ltd.
- “We believe the report confirms Infosys’ position in the market,” said, Suketu Patel, Vice President and Head of the Strategic Global Sourcing Group, Infosys Technologies Ltd. “In our opinion, one of the highest client reference scores is a reflection of Infosys’ capabilities in successfully managing large and complex AO programs for our clients.”
