

## McCamish Systems, an Infosys BPO Company, Enhances its Presence in the USA, and in the Voluntary Group Life Insurance Business

**Des Moines, Iowa – September 10, 2012:** McCamish Systems LLC, an Infosys BPO company, specializing in end-to-end, enterprise-wide insurance and retirement business process solutions, has increased its presence in the Voluntary Group Life Insurance business space by commencing operations in Des Moines, Iowa, USA with 87 employees, serving 7 insurers and covering more than 600,000 insured lives. This has further enhanced Infosys BPO's positioning as a premier provider of end-to-end, enterprise-wide solutions for the insurance and financial services sector.

Swaminathan D., CEO and MD, Infosys BPO said, "With this addition to the footprint of Infosys BPO operations, our capabilities and domain expertise in Group Life Administration have been significantly enhanced, potentially yielding magnified gains for clients. Our in-depth knowledge of the insurance and financial services sector in McCamish Systems, with clients serviced on our Variable Product Administration Systems (VPAS®) Life policy administration platform will now be further enhanced through the addition of domain experts, fulfilling the need of clients to have a service provider having end-to-end capabilities, offering policy administration services for their group life plans."

"The addition of this capability complements Infosys BPO's strong existing functional domain knowledge and Global Delivery Model capabilities. We have proven solutions and capabilities, further advancing our comprehensive, platform based solutions for insurance carriers, and expanding our service offerings to Group Insurance providers as well. We look forward to servicing these clients and growing this important line of business", said Gordon Beckham, President and CEO, McCamish Systems.
