

## Infosys and DreamWorks Animation Join Hands to Engineer New Solutions

**Bangalore November 6, 2014:** Infosys, a global leader in technology, consulting, outsourcing and next generation services, today announced a strategic engineering partnership with DreamWorks Animation.

The two companies intend to work together to further develop DreamWorks' technologies to bring them to wider use. Infosys will deploy its global talent pool available across cloud, big data, Java and open source capabilities to develop next generation solutions based on the DreamWorks technology.

### Quotes

**Jeffrey Katzenberg, Chief Executive Officer and Director, DreamWorks Animation:**

"Infosys is a world leader in enterprise solutions and can deliver engineering talent at a massive scale to help us develop our technology for wider use."

**Dr. Vishal Sikka, Chief Executive Officer and Managing Director, Infosys:**

"Infosys has a market-leading record of delivering critical engineering services to the most innovative technology companies worldwide, to amplify and accelerate their existing efforts. We will combine this expertise with the incredible array of pioneering technologies created by DreamWorks. This combination of capabilities and state-of-the-art technologies has enormous potential for wider use in the world around us."

### Safe Harbor

Certain statements in this release concerning our future growth prospects are forward-looking statements regarding our future business expectations intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings

including our Annual Report on Form 20-F for the fiscal year ended March 31, 2014 and on Form 6-K for the quarter ended September 30, 2014. These filings are available at [www.sec.gov](http://www.sec.gov). Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. In addition, please note that the date of this press release is mentioned at the beginning of the release, and any forward-looking statements contained herein are based on assumptions that we believe to be reasonable as of this date. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company unless it is required by law.
