

HOW TO PLAN YOUR SUPPLY CHAIN IN THE AGE OF RESILIENCE

The global supply chain, never ever before, faced a situation where demand skyrocketed to 500% of available capacity, or the market became so erratic that it rendered even the most intelligent systems inefficacious. For retailers, this pandemic has become that once-in-a-generation test of supply chain planning and resiliency. As the world prepares for a new reality

post-Covid-19, the supply chain sector is under immense pressure to reinvent itself and become smart enough to predict any such disruption and resilient enough to not let the disruption affect business continuity. We aim to answer the three key questions that we believe will help the sector manage the present challenges and navigate the future disruptions-

- **What has the pandemic taught the world about supply chain resiliency?**
- **How to manage unprecedented challenges and be prepared for different demand environments?**
- **Why do supply-chain planning solutions need to be more resilient and flexible in the post-COVID-19 world?**

HERE ARE SOME OF THE BEST GUIDES FROM THE GLOBAL SUPPLY CHAIN LEADERS TO HELP YOU ADAPT TO THE CHANGING DIMENSIONS OF TOMORROW'S SUPPLY CHAIN AND CREATE SUPPLY CHAIN SOLUTIONS FOR A FUTURE OF GREATER RESILIENCE. GET YOUR FREE COPY OF THE EBOOKS-
